RE: Thank you

Dear Stephen:

On behalf of the California Association of Recreation and Park Districts (CARPD), we would like to thank you for speaking on "**What is LAFCO...and why does it matter?**" at the 2016 CARPD Conference in South Lake Tahoe, CA.

Thanks to you, the feedback we received from the conference attendees was very favorable. We are very proud of this year's conference which had an increased number of sponsors and attendees and we have had a lot of positive comments regarding the location and educational classes. We really appreciate your willingness to speak at the conference and the role you played in the success of the CARPD conference.

Again, thank you for your support of CARPD.

Sincerely,

Patrick Cabulagan  
Executive Director
