There was discussion regarding where staff is currently with the Public Review Draft of the Countywide Mosquito and Vector Control District Municipal Service Review and Sphere of Influence Plan Update release.

Steve Lucas provided an update to the county plan for providing fire services countywide. It is simply a budget issue and nothing to do with the value of service but rather the cost of service. Staff has been working with county staff regarding the process.

Chair Leverenz stated as he understands it, this type of district has been utilized recently over the last several years in other county areas.

Steve Lucas stated this is how a good number of counties provide fire services.
