LAFCo File No. 19-04 - Butte Local Agency Formation Commission – Dissolution of County Service Area No. 26 (CSA 26 - Thermalito Drainage). Proposed is the dissolution of County Service Area No. 26 which has been identified by the State Controller's Office as an "inactive special district" meaning the CSA has no financial transactions in the previous fiscal year, no assets and liabilities, and no outstanding debts, contracts, liens, or claims. Therefore, pursuant to Government Code Section 56879, Butte LAFCO is required to dissolve the District for non-use of district powers.

CSA No. 26 (Thermalito Drainage District) is located in the Thermalito area northwest of the City of Oroville and was formed by Board of Supervisors in 1965 for the purpose of providing sewerage maintenance. The sewer function was never implemented and was eliminated in 1983 and replaced with the power to provide funding for a storm drainage system in the area. No funding source for CSA 26 was ever established and the services were never provided.
